Pat Krug Earns Minnesota Survey License

East Grand Forks, MN . . . Pat Krug, RLS of FS Engineering in East Grand Forks recently became registered as a Professional Land Surveyor in the State of Minnesota.

A registered land surveyor in the State of North Dakota since 1989, Krug has over 30 years of experience in land surveying in northeastern North Dakota and northwestern Minnesota. The list of projects for which Krug has provided surveying services include some of the most well-known structures in the area, including the Alerus Center, Ralph Engelstad Arena, and the Reconstruction of 32nd Avenue South in Grand Forks as well as the US Army Corps of Engineering Flood Control Project in East Grand Forks, where he served as the Chief Surveyor for all four phases of levee construction and the Hartsville Coulee Diversion.

FS Engineering has been providing land surveying and civil engineering services to the region since 1956 and serves as the City Engineer for 11 communities in northwestern Minnesota, including East Grand Forks, Fertile, and Warroad. Their offices are located at 1600 Central Avenue NE, along Highway 220, in East Grand Forks.
